SCALE COMMITTEE IS NOW IN SESSION

All Demands of Miners Refused By Operators.

MITCHELL DECLINES TO TALK

It Was Reported that the Scale Committee Would Seriously Consider the Advisability of Modifying Their Original Demands.

New York, April 5.—The Shamokin scale committee of the anthracite miners to which has been entrusted the task of reaching a wage agreement with the miner owners, went into session at 9:30 Wednesday morning, at their headquarters in the Ashlan hotel, to discuss what their next move shall be.

The instructions of this body calls for an agreement with the anthracite operators subject to the ratification of a convention to be called by the officers of the union, and in case they fail to arrive at an understanding, the committee must report such failure to the convention.

All the demands drawn up by the scale committee have been refused by the operators and the question to be decided now is whether their propositions should be modified or whether delegates representing all the hard coal mine workers should be summoned into convention at once to decide what further action should be taken.

Before the thirty-six members of the scale committee went into session there were reports circulated to the effect that the committeemen would seriously consider the advisability of modifying their original demands.

None of the members of the committee would discuss the reports or even predict what action the committee will take.

President Mitchell did not take part in the deliberations of the committee until late in the morning, as he had other pressing matters to attend to. He said there was nothing in the present situation that he could discuss. He declined to say anything regarding the probability of the miners revising their demands. If a call for a convention is decided on, it is likely no announcement will be made until after Thursday's meeting with the operators' sub-committee.

Mr. Mitchell continues to refuse to go into details regarding Tuesday's meeting. All information that has reached the public so far has come from the operators' side.

Disorder in Pennsylvania.

Irwin, Pa., April 5.—Tuesday night was one of disorder and terror at Edna Mine No. 2, of the Pennsylvania Gas Coal company, where several men are on a strike for recognition of the union. The strikers all seem to be armed and from dark until daylight a continuous fusillade of firing was kept up. Fortunately no one was injured. The company, it is said, will put 25 more guards on duty at once. It is not considered safe to introduce strikebreakers, and trouble is feared if an attempt is made to do so.

No Mining in Ohio.

Columbus, O., April 5.—No coal will be mined in Ohio this week, acording to the statement of Secretary Savage, of the Ohio Miners. "Next Monday," he said, "the miners and operators will hold a conference at Athens and upon the result of this conference will depend largely the situation in Ohio."

Will Stop Trains.

Des Moines, Iowa, April 5.—The Minneapolis and St. Louis railroad and the Iowa Central railroad have announced the annulment of six passenger trains for Sunday because of the coal shortage.

Begins Life Sentence.

Louisville, April 4.—James B. Howard, who has been in jail here pending the disposition of his case by the United States supreme court, was taken to Frankfort Tuesday to begin his term of life imprisonment to which he was sentenced for the murder of William Cabel.

ROBBERS FOILED BY ENGINEER.

Masked Men Were Ready to Hold Up Southern Train.

Atlanta, April 5.—A hold-up of a Southern railroad train a few nights ago by seven masked men with pistols was foiled because a watchful engineer took a hand in the game.

On last Saturday Roy Smith an express messenger left on a northbound Southern train and it is said he had considerable money in his care.

A gang of train robbers, who probably knew that Mesenger Smith had a good bag of coin in the safe, got together near Casswell station, which is about six miles above Knoxville, Tenn., They were waiting for the northbound and did not care to stop the southbound which passed the station first. They did not keep in hiding, however, for the engineer on the southbound saw them and when his train reached the next station he wired to the northbound to look out for trouble at Caswell.

When the northbound reached Casswel it was dark and a red lantern was waved to stop the train, but the well posted engineer and conductor, instead of stopping, went by in a fast run.

The outlaws were foiled and Messenger Smith and his gold went on in safety.

Railroad detectives, it is said, have been working quietly on the case, but so far are not on the trail of the train robbers.

"Bucket Shops" Ruled Out.

Jackson, Miss., April 5.—The Roddie amendment to the code chapter on misdemeanors, which makes the operation of "bucket shops" brokerage offices an impossibility, has been adopted by the house. It provides that the placing of quotations on black boards or other places shall be prima facia evidence of guilty, and that on conviction the persons shown to have been connected with the busness directly or indirectly, shall be fined not less than $200, nor more than $1,000 and sent to jail for a term of not less than thirty days nor more than six months.

City Officials Given Fine

Savannah, Ga., April 5.—In the U. S. court City Officials John J. Garrity and James McBride pleaded guilty to the charge against them in connection with the fraudulent naturalization of Greek citizens. The defendents were fined $1,000 each with costs, their bonds in all cases to remain in force to insure their attendance in case of another violation of like character, in which event the maximum penalty of $7,000 and thirty years in the penitentiary would become operative, in the discretion of the court.

In Session at Thomasville.

Thomasville, Ga., April 5.—Macon Presbytery convened with the Presbyterian church here, Rev. J. H. Macon, the retiring moderator, preached the opening sermon. Rev. S. L. McCarty, pastor of the local church, has prepared excellent entertainment for the visitors. The meeting will be in session until Friday. Macon Presbytery includes all the Presbyterian churches in Georgia, south of and including Macon.

Rose Defeated in Milwaukee.

Milwaukee, Wis., April 5.—Sherburn M. Becker, the young Republican candidate for mayor of Milwaukee, has been elected over David S. Rose, Democrat, who has for the past eight years been the city's executive head. Unofficial figures give Becker's plurality 1,585. The indications are that Becker also carried with him the balance of the Republican city ticket.

Commission Makes Report.

Constantinople, April 5.—The report of the Ottoman commission appointed to inquire into the Tabah dispute contends that Tabah belongs to the Akabah district and therefore is Turkish territory. It is not anticipated that this finding will prevent a settlement in accordance with the Anglo Egyptian views.

Another Mine Survivor.

Lens, France, Department of the Pas de Calais, April 5.—Another living survivor of the mine disaster at Courrieres on March 10th, was discovered Wednesday morning and brought out of the pit.

STAMP TRICKS GET MEN IN PRISON

Charged With Working A New Swindle.

MAY CAUSE CHANGE OF LAW

New York Letter Carriers Are Charged with Affixing and Collecting Due Stamps on Letters from the Foreign Countries.

New York, April 5.—Geo. Davidson, William C. Spencer and John J. Maloney, letter carriers of Station B, at Attorney and Grand streets, were arrested Tuesday night by postal inspectors on a charge of working a new swindle.

The alleged fraud consisted in affixing cancelled postage due stamps for ten cents to letters from foreign countries, after removing the foreign stamps.

The carrier then collected the face of the postage due stamp from the receiver of the letter. Some times the same game was worked with foreign letters that lacked a stamp and then the government was the loser.

It is not known how widely this trick has been played, but a change in the whole method of collecting postage due, especially on mail from Europe, is likely to follow.

Artificial Island Proposed.

Washington, April 5.—The creation of an artificial island in the middle of the entrance to Chesapeake bay is proposed by the joint board on coast defense as an absolutely essential to the defense of the national capitol, the cities of Baltimore, Norfolk, Newport News and even Richmond. The daring exploits of the Japanese naval captains during the recent war has convinced the army engineers that it is no longer safe to rely on the defenses at Fort Monroe to control the entrance to the Chesapeake.

Slept Seven Weeks.

Los Angeles, April 5.—Miss Florence Parker, whose mysterious sleep for seven weeks excited the interest of the medical fraternity, has left the hospital. Miss Parker is the daughter of a wealthy Arizona mining man. She began her strange sleep at Tucson, Ariz., and gradually lapsed into coma. For weeks she lay in a trance and until about two weeks ago there was little hope of her recovery. She began to recover consciousness, however, and has gradually come into a normal condition.

Convict Buildings Burn.

Birmingham, Ala., April 5.—A special to the News from Jackson, Miss., says the buildings on the state convict farm in Rankin county were partially destroyed by fire early Wednesday morning, causing a loss of about $75,000. Thirty horses, 24 mules, a number of cattle and a large collection of farming implements were also burned. So far none of the convicts are missing. The fire began in a big barn, and is thought to have been of incendiary origin.

Stockholders Meet.

Louisville, April 5.—The annual meeting of the stockholders of the Southern Pacific company was held Wednesday at the office of the company in Beechmont, a suburb. Alex P. Humphrey presided, and J. B. Weaver acted as secretary. The stock was mainly represented by proxiers in the name of E. H. Harriman. The routine business was transacted, including the election of the old board of directors.

Wheat Fields Under Water.

Evansville, Ind., April 5.—The highest water here was 48 feet in 1884. The present rise probably will go to 47 feet. The rise continues, the gauge marking 46.7 feet Wednesday morning, still rising. Some factories located on Pidgeon creek in the lower part of the city have ceased operation because of backwater caused by the river. The great wheat farms above and below the city are under water, but it is believed that if the water remains quiet much of the crop can be saved.

FIRE DAMAGES AT POULAN.

Several Concerns Suffered Loss by the Conflagration.

Poulan, Ga., April 5.—Fire broke out in a large two-story modern building owned by J. G. McPhaul and occupied by Spring Bros., general mercantile establishment. Before the members of the volunteer fire department could arrive on the scene, the roof of the building was ready to fall in.

The heat was so intense that Dr. H. W. Smith's drug store 50 feet away burst into flames. The fixtures in this building were hurriedly carried out and though the flames were soon extinguished, the stock was badly damaged by water.

The Poulan Lodge, Knights of Pythias, was located in the McPhaul building and the furnishings, books and papers were destroyed. Other losses were as follows:

J. G. McPhaul, loss on building, $1,200, insurance $600; Spring Bros., loss on stock $2,000, insurance $1,500; H. W. Smith, building and stock valued at $4,500, partially destroyed, insurance $1,500. Messrs. Spring Bros. and J. B. Shirer, who occupied rooms in the McPhaul building, lost their personal effects.

Will Print Review.

Washington, April 5.—A general review of what has been accomplished by the Mississippi river committee is to be printed for use in connection with the consideration of the bill now on the house calendar which extends the jurisdiction of the commission 50 miles north of Cairo, the present northern boundary of the commission's authority. The review given is by General Ernest, president of the commission. He says that since the levee work was begun in 1879, the total amount spent by the general government on levees for the Mississippi has been $19,464,679. The levees have resulted in reclaiming and protecting 26,950 square miles or 17,000,000 acres of land. In some places the river before the levees were constructed, was 50 miles in width.

Perfumers In Annual Convention.

New York, April 5.—The members of the Perfumers' Association of America are holding their twelfth annual convention here. The chief officers of the association are D. H. McConnell, president; Frank H. Marsh, secretary, and Richard Hudnut, treasurer. A special committee has called attention to a letter which had been sent to all the perfumers of the country urging them to bestir themselves to offset the competition of their French rivals, pointing out that the advantages which a 66 per cent tariff conferred on them were not being fully taken advantage of.

Died from Effects of Beating.

Chicago, April 5.—George Brown, a barber 41 years old, was attacked by four men Tuesday night at Thirty-eighth and Butler streets and was beaten so severely that he died two hours later from the effects of his injuries. Bernard Comiskey, who is accused of being the leader of the quartet responsible for the man's death, together with James O'Shea is under arrest and the police are searching for the other men. The crime is declared by the police to have been the outcome of enmity between Brown and Comiskey over a debt owed by Comiskey to Brown.

Plan to Develop Harbor.

Hamburg, April 5.—The members of the Prussian diet's budget committee visited Hamburg with the purpose of studying plans to develop the harbor of the Prussian City, of Harburg, situated in the south arm of the river Elbe, opposite Hamburg. Harburg's commerce has been growing rapidly owing to the overcrowded condition of Hamburg's harbor, and Harburg, therefore, is intending extensive harbor improvements.

Open Door For Manchuria.

London, April 5.—The long expected announcement of the open door in Manchuria is confidently believed to be in the very near future. The delay in making the announcement has, it is confidently stated, been prompted solely on the part of the Japanese government by a fear of complications arising while the transportation of troops was vigorously going on.

TRAIN RUNS INTO AN OPEN SWITCH

Serious Wreck Occurrs On Norfolk And Western.

DETAILS OF ACCIDENT MEAGER.

It Is Not Yet Known Whether Any One Was Killed or Extent of Damage Caused by The Wreck.—Train Reported Consumed by Fire.

Norfolk, Va., April 5.—A serious wreck occurred on the Norfolk and Western railroad, fifteen miles from Norfolk, Wednesday. The cannon ball, a fast express, ran into an open switch at Juniper siding.

A special train carrying seven doctors and a wrecking crew was hurriedly sent from Norfolk to the scene of the wreck.

It is not yet known whether any one was killed or the extent of the injuries sustained.

It is said the train was consumed by fire.

Shot Woman; Was Then Killed.

Atlanta, April 5.—L. B. Wilmouth was stabbed to death Tuesday night by Walter J. Hightower, after Wilmouth had shot and seriously wounded Mrs. Carrie J. Bryant, Hightower's married sister, at the residence of Mrs. Bryant's mother, where she was temporarily staying. The killing of Wilmouth came as the culmination of a long series of alleged persecutions, on his part, of the married woman with whom he was in love, so the family of Bryant state. Wilmouth had made his home with the Hightowers from childhood, and loved Carrie Hightower, but she married W. L. Bryant. Wilmouth enlisted in the army and went to the Philippines, and upon his return took up his abode again with Mrs. Joe Johns, who is the mother of Mrs. Bryant and the Hightowers.

Robbers Secure Big Sum.

Brunswick, Ga., April 5.—Probably the biggest robbery that ever occurred here has been reported by Captain Tobias Newman, chairman of the city council and a prominent liquor dealer. His safe was robbed of more than $2,000 in cash. It is presumed the burglar hid in the store the night before until after the place was closed and proceeded to crack the safe and help himself to the contents. Detectives have been employed to apprehend the perpetrator. As yet no clew has been found.

Republican Lead in Kansas City.

Kansas City, April 5.—Every one of the fourteen members of the upper house of the new city council is a Republican and ten of the fourteen members of the lower house are Republicans. The four Democratic members of the lower house were the only Democrats successful in Tuesday's election. Of the councilmen elected none voted for or favored the gas and street railway franchise extensions ordinances that were before the late council. Mayor-elect Beardsley, Republican, has a majority of 1,550. The Socialist vote was trivial.

Columbia, S. C., April 5.—A. S. Peden and J. D. Debard, prominent Fountain Inn business men, has filed a petition with the governor in the interest of the proposed new county of Fairview, which is to be formed from parts of Greenville, Laurens and Spartanburg counties.

Tallahassee, April 5.—The Board of Control concluded its session at Lake City Monday, and met here Tuesday. All the board were present except Mr. Baisden, who became ill at Dake City and was obliged to stop at his home at Live Oak. The plans for the Governor's mansion have been accepted by the commission and contractors are now making estimates preparatory to submitting bids for constructing the mansion.

A UNIQUE ENTERTAINMENT

By the Rebekahs at the Opera House Tonight.

A most delightful and entertaining evening is promised those who attend the Old Maids' Auction Friday evening, April 6th, at the opera house. To say that it is the scheme of Colfax Rebekah Lodge of this city is to bespeak for it a good attendance, and to assure those who come one of the jolliest evenings of the season.

In addition to the sale of old maids there will be an auction of lunch boxes to the highest bidders, and there will be lively bidding as we are assured that the contents will be of the best and daintiest.

The Jack Horner pie will doubtless be the center of attraction and breathless interest as each one tries their luck "and pulls out a plum"

A large attendance is desired, and all are assured one of the pleasantest, jolliest evenings of the season.

Buildings Will be Ready.

W. T. Hadlow, president of the W. T. Hadlow Company, contractors, Jacksonville, who is here temporarily superintending the work of erecting the University buildings, states that progress on the buildings is very encouraging, and that the two buildings specified in the contract would be completed in ample time for the opening of the University here.

The contract specifies that both buildings must be completed on or before September 1st of the present year. Mr. Hadlow states that the contract will be carried out if it becomes necessary to put on a force both night and day.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up: you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes:

Dear Mrs. Pinkham:

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

CAPTAIN PARKER WITHDRAWS.

Appreciates Efforts of His Friends, But Declines to Enter Race.

Editor Sun: I see in the columns of your paper that some of my friends have announced my name as a candidate for member of the school board. I certainly appreciate their kindness, but must decline from permitting my name to be used as a candidate for this office.

I notice in your paper the name of J. F. Futch, announced for this office. I wish to say that Mr. Futch is a gentleman of sterling worth and merit—one who has served the county faithfully for more than twenty years in the capacity of teacher, and one against whom no charges can be brought. I am satisfied, if elected to the office, he will serve the county to the best of his ability. He never has deserted his county to teach elsewhere but has served the county under her adverse circumstances. As Mr. Futch and myself are life-long friends and deacons together in the same church, I respectfully ask that you discontinue my name from your paper for the office.

Mr. Hampton, who is already one of the largest individual property owners in the city, is constantly adding to his possessions, having within the past week made several valuable purchases. He has faith in Gainesville and its future, and is exemplifying this faith by liberal expenditures towards its development.

CHILDREN

If You Have Any Ailing Ones This Will Interest You.

"We see so many little boys and girls about town who are weak, thin-legged and hollow-cheeked," said Mr. Johnson, our well known druggist, "it seems a shame to allow them to remain so, for they will grow up into weak, sickly and nervous men and women, without the vitality to work or enjoy life.

"If," continued Mr. Johnson, "the fathers and mothers of such children would believe what we say of Vinol, we would see a great difference in the appearance of the younger generation of the city. You know Vinol is not a patent medicine, and is just the tonic growing children need. It will make for them good, healthy flesh, sound bone, hard muscle and rich, red blood.

"True, Vinol is a cod liver oil preparation, but it does not contain a drop of oil, or any bad tasting feature. It is so delicious that all children love it, yet it actually does contain all the medicinal curative elements found in fresh cods' livers, and is the most wholesome and best medicine for children we ever sold.

"It is because we know what Vinol will do that we guarantee if it fails to make your children well, rugged and rosy, to refund your money." W. M. Johnson, Druggist.

AFTER TWENTY-THREE YEARS

N. E. Benson Retires From the City Fire Department.

The Gainesville Fire Department has the reputation of being one of the best volunteer companies in the State, and among its members are many old reliables. Among the most efficient of the latter is N. E. Benson, better known as "Nell" to all the boys, and who has been a member of the local company for 23 years, and who has never failed to respond to an alarm when in the city in all those years, from the time of the burning of the East Florida Seminary, which occurred shortly after he arrived in the city.

He is the junior member of the firm of H. E. Benson & Son, who conduct a large wagon and carriage works in this city, and during the years he has been a fireman has made many friends, being second assistant chief and showing much skill in fighting the devouring elements. He has, however, for good and sufficient reasons, tendered his resignation to the city, and it is hoped by many he may be induced to withdraw it before it is acted on, as he is a good man for the place and would be greatly missed.

HE LIKES GAINESVILLE.

J. N. Pidcock Well Pleased, and May Decide to Make Home Here.

J. N. Pidcock of Moultrie, Ga., builder and president of the Georgia Northern railroad, and who recently purchased a large interest in the Gainesville and Gulf, was again in the city Thursday.

Mr. Pidcock expressed himself as being delighted with Gainesville, and assured friends here that he had a great deal of confidence in the future of the city. It may be possible that Mr. Pidcock will move with his family here when active operations begin in extending the line of the Gainesville and Gulf.

Trestle on Fire.

The trestle across Sweetwater branch, South Gainesville, Atlantic Coast Line, was discovered to be on fire by Fletcher Peeler a couple of days ago. Young Peeler attempted to extinguish the flames, but was unable to do so. He gave the alarm, and J. M. Spivey went to the scene.

A few buckets of water made everything all right, but had it not been for the timely arrival of Mr. Spivey the trains might have been delayed.

Magic at Wilson's.

Mrs. R. Wilson has engaged Madame Rheda of New York, the great magician, to give her wonderful performance of Japanese magic and Hindoo black art in her display window Saturday and Monday, April 7 and 8. See Rheda grow the Hindoo tree, bearing real flowers, which she will pluck and give away. Everybody invited. Free to all.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

NEWS OF CITY AND COUNTY CONDENSED

T. B. Ellis has returned from a business trip to Micanopy.

Superintendent J. B. Cutler of the Gainesville and Gulf went south on official business yesterday.

J. E. Roach of Jacksonville, representing the Ocean Steamship Company of Savannah, was at the Brown House yesterday.

W. A. Edwards of Columbia, S. C., member of the firm of Edwards & Walter, architects for the University buildings, is in the city on professional business.

Friends of Mrs. J. A. Ettel, who has been quite sick for the past few weeks, will be gratified to learn that her condition is rapidly improving, and the chances are that she will be out in a day or two.

The woodwork of the shed about the Geiger block, corner West Main and Union streets, is being treated to a coat of paint, which will not only preserve the property, but tend to increase its value in appearance.

Chas. V. McQueen of Komoko, one of the most widely known and most prominent residents of the West End, was in the city yesterday and made The Sun a friendly call. Mr. McQueen has been quite successful in every undertaking and wields a good influence among the people of his section.

Prof. N. H. Cox of Lake City, a member of the faculty of the University of Florida, engineering department, was in the city yesterday. Prof. Cox came for the purpose of staking off the location for the mechanic arts building, which will be a one-story brick structure, 40x70, with an annex for the foundry. Work will begin on this building in a short time.

The Gainesville postoffice has been supplied by the United States Postoffice Department with a new typewriter. The machine is intended for the making out of reports, and the carriage takes a paper of twenty inches width. Assistant Postmaster Bell has not yet become an expert in handling this big machine, but is confident that he will master it after awhile.

Mr. and Mrs. F. R. Seawell and son left yesterday for Clearwater, where Mr. Seawell has accepted a position as manager and buyer for the Cash Dry Goods Company, one of the largest stores of its kind in South Florida. Before leaving Mr. Seawell called at The Sun office and ordered this paper sent to his address, as he desired to keep posted on the happenings in this section. Their numerous friends regret to see them leave, but congratulate Mr. Seawell in his new position.

Capt. W. D. Dickinson announces himself a candidate for re-election to the office of tax collector in this issue of The Sun. He states that owing to the large volume of business attached to the office at this season of the year, in the collection of taxes and the preparation of the delinquent tax roll, it will be impossible to meet the people of the various precincts before the primary of May 15th, and asks that he be remembered by the electors when casting their ballots. Capt. Dickinson has held the office for a number of years, during which time he has rendered, under the circumstances, an efficient and painstaking service.

Thinking of the Old Home.

Gilbert L. Denton, in writing from Nealton, Ala., to renew his subscription to The Sun, says: "I find it indispensable as a home comfort from my native heath. While I am a resident of the great State of Alabama (meaning in the Indian vernacular "here we rest,") my thoughts still wander back to Gainesville and Alachua county. You are to be congratulated upon the Industrial Edition of The Sun. It speaks well for your enterprise—the paper and the man. It is with native pride I read in The Sun of Florida's prosperity and development. May her star ever shine bright upon the horizon and her luster never be dimmed."

Our friend has the same old "Gainesville spirit," and The Sun hopes he may soon be again among us, if only to say "howdy."

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble, as it aids digestion and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

THE CARPENTERS' UNION

Will Have Grand Time in Celebration of Second Anniversary.

The members of Carpenters' Union No. 1380 of this city have been in existence for two years, and propose tonight to celebrate the event in their hall, East Union street, beginning at half-past 7 o'clock. Inasmuch as nearly every carpenter in the city is a member of the Union, it goes without saying that the occasion will be a successful and enjoyable one from every standpoint.

The carpenters' union is now very prosperous, notwithstanding that the members have experienced considerable difficulty and uphill work in maintaining the organization. The membership, which started small, now numbers twenty-four, and is composed of a number of the most competent workmen in the city.

L. N. LaFontisee is the recording secretary of the Union.

The Sewerage System.

F. H. Beeman of Louisville, Ky., who has the contract for the system of sewerage here, has arrived in the city, and will be here until the system is completed, which will require about eight months. Mr. Beeman states that he will personally superintend the work, and that he will begin as soon as he can get his men and material together, which will be about a week. The contract provides for twelve miles of sewerage, and the contract price will be about $45,000.

Telephone Lines Extended.

The East Florida Telephone Company has purchased the entire property of the Florida Telegraph and Telephone Company, whose lines run from Dunnellon to Floral City and to a lot of other points in South Florida. This carries the lines of the East Florida Telephone Company over one hundred miles south of Gainesville, which cannot fail to bring business to the various stores and establishments who sell goods in this territory.

A Dandy For Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and $1. Sold by W. M. Johnson.

A Delightful Occasion.

A number of young people, bent on a good time, enjoyed a drag ride to Newnan's lake Thursday night. After arriving at the lake the party indulged in a fish fry, and altogether the evening was most delightfully spent.

The party was chaperoned by Mr. and Mrs. C. V. McKinstry, and Mesdames A. W. Taylor and Gregg.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness. In killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Don't Fail to See

DR. GOLDSTEIN

at "THE OAKS."

Many persons do not see as well as they should. Some see well but their eyes become tired. Others suffer with headache constantly or periodically, which medicine does not relieve, because the headache comes from eye strain, and the only remedy is a pair of glasses properly fitted by one who understands the eyes, their defects, and their relation to human ills.

WE EXAMINE YOUR EYES FREE OF CHARGE.

And when we examine them, we mean a thorough examination—as complete as can be had anywhere at any price. We explain to you what your trouble is. You get the benefit of our experience and knowledge free.

EYE STRAIN.

More headache and nervousness is caused by eye strain than all other causes combined. Good vision is absolutely no proof that the eyes are good. Many readers of this article can see perfectly, but they suffer from nervous ills of one kind or another and never think that the eyes are the cause of it all. They may have taken medicine without getting relief or may have suffered thinking there was no remedy.

PROPER GLASSES AND PROPER FRAMES.

It is great importance that glasses should be properly ground and centered and of the best quality. The frames must be fitted that they will hold the lenses in place so there will be no damage to the eye from lack of harmony between the center of the lenses and those of the eyes. Many otherwise good pieces of work have been a failure from this cause alone.

Do not neglect your children's eyes. Office at The Oaks for a few days.

Florida will soon be noted for the fine quality of camphor gum made in the State. If you want to plant trees for profit as well as beauty, why not set out camphor trees?

There is only way to get the tourist trade: have something to advertise and then advertise it. The Industrial Edition of The Sun brought many people to Gainesville the past winter.

If you want to make Senator Tillman throw a fit, just mention the fact to him that a carpet-bagger is up for office at the hands of the Senate. It is then he grabs for his pitch'fork.

STOCK JUDGING.

Florida will soon rank as one of the foremost stock growing States in the Union, and it is gratifying to know that our farmers are gradually making improvements in their stock. The best all-purpose cattle are sought in many instances, and it is cheering to note the ever increasing interest taken in teaching and learning how to determine the quality of domestic animals by their external appearance, or points. "Live stock judging," it is called, and the art cannot have too many good teachers nor too many attentive learners. Knowledge of live stock, to know a good animal at sight, is absolutely essential to successful breeding. Such knowledge enables the breeder to select from his own herds the individuals that will be worthy sires or dams, and also enables him to couple the two in a manner to produce desired results, and without such knowledge breeding must be a hit-or-miss, go-as-you-please sort of work. There can be no certainty about it, and therefore if improvement is made it will be due to luck or chance.

Pedigree has been the chief reliance of breeders in the past, and experience has demonstrated the unreliability of that sort of dependence. Breeder, know thy animals, is the essential factor in live stock improvement, and to know an animal's pedigree is a secondary consideration—not the first. Be able to know that the individuality of an animal is all right—that is the difficult thing to know—and then get assurance of its good breeding, which is easy, and live stock improvement will strike a gait that it has failed to strike in the past. The stock-rearing farmer, young or old, should miss no opportunity to attend a well-conducted stock-judging school or class. It is the surest road to live stock improvement; in fact, the only road to positive improvement.

A GOOD PLATFORM

A number of people are proposing Woodrow Wilson, president of the Princeton University, for the Democratic nomination for President of the United States in 1908.

Dr. Wilson has already written his platform. It consists of one sentence and yet covers nearly the whole field. It was contained in a recent address delivered by the Princeton president. It proposed as a solution for economic problems the application "of old-fashioned morals to new-fashioned business."

That's the whole thing in a nutshell.

Among the candidates for the Legislature in Alachua county appears the name of William N. Sheats. Those who remember his services to the State as Superintendent of Public Instruction will expect to see in him a legislator who will be heard from on something else than ballots. He is of the sort who would be likely to represent his progressive county and section fully and thereby do the State great service.—Times-Union "Short Talks."

Editor Jordan of The Punta Gorda Herald has got a lot of work on his hands, but judging from the tone of his paper we think he would make a good man for the Legislature. He is going to build a new printing office, or put up a new building for his office, besides being quite busy in building a new county out of the lower half of DeSoto. In all his building may success attend him.

Many of the cities of the North have elected Democratic mayors this spring. But if they want to continue the good work they must continue their organization.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The naval station at Pensacola has been kindly remembered in the appropriations, and the excellent location at that harbor will be made better than ever. There is no denying the fact that this port should be kept up in the best manner, as the government has already expended considerable money there and it would be a mistake to not keep it up, being such a convenient station.

A French coal miner has been taken from the mine at Lens, France, where the explosion occurred, who has been entombed 15 days. He was nearly dead, but may live. He said they turned cannibal when their food was exhausted and devoured the corpses of two boys. Yet Mr. Baer would have men take such chances at miserably low wages.

J. J. McBride and J. J. Garrity of Savannah, who pleaded guilty in the United States court to aiding in the fraudulent naturalization of aliens, where fined $1,000 each by Judge Speer, who also gave them a free lecture on American citizenship. Others will be tried on a similar charge.

The Baptist church of Arkansas was unable to turn Jeff Davis out because he played poker, so they elected him to the United States Senate and expect to have no trouble in getting rid of him.

A ROYAL TIME.

Anniversary Sunday School Celebration Held at LaCrosse, April 1.

The twenty-third anniversary of the organization of the LaCrosse Baptist Sunday school was celebrated on the afternoon of the first Sunday in April with very appropriate exercises.

These anniversary occasions have become famed throughout the surrounding country and always draw audiences which tax the capacity of the commodious church building.

On the occasion of the recent celebration the decorations, deftly arranged by the fair hands of the mothers and daughters of the church, were more beautiful if possible, it seemed to the writer, than on former occasions.

An unusually interesting program of exercises by the school had been arranged and perfectly carried out.

The choir, consisting of quite a number of the best singers which the community affords, and trained for the occasion by that veteran master, Prof. Joshua Futch, did itself proud. Miss Bessie, the beautiful and accomplished daughter of Capt. and Mrs. H. C. Parker, presided at the organ and made the splendid instrument almost speak in articulate words. Mr. Clay Parker, a student in the State University and one of the coming orators of Alachua county, delivered the address of welcome, which was responded to in happy and fitting words by the Rev. F. M. Hartman.

Rev. L. D. Geiger, D. D., Corresponding Secretary and Treasurer and Superintendent of Missions of the Florida Baptist Convention, who had been especially invited and who had filled the pulpit at the morning hour, was the principal speaker of the occasion and his address elicited a number of kindly comments.

Capt. H. C. Parker was master of ceremonies and performed his part in a manner most satisfactory to his many friends and admirers.

For twenty-three years Capt. Parker, who is one of the most prominent citizens of the county, and who is a faithful deacon of the LaCrosse Baptist church, has, as superintendent, presided over the destinies of this Sunday school, by means of which he has doubtless been able to accomplish untold good in the community, and also in other parts of the State and county, through the young men and young women who have gone out from his school.

In all this good work, the superintendent declared that he had been efficiently aided by as earnest and consecrated teachers as any superintendent ever had, and he generously accords to these much of the credit for whatever good may have been accomplished. Many regrets were expressed on account of the absence of Pastor J. N. Thompson, who was compelled to fill an appointment elsewhere.

Rev. Mr. Hartman preached a good sermon in the evening; and this closed a day full of congratulations, of pleasure, and of helpfulness.

The people of the community, and also the visitors, are already looking forward with pleasurable anticipations to the recurrence of this interesting occasion a year hence.

HAD NOT WALKED FOR 11 MONTHS

Terrible Sore on Ankle Caused Awful Suffering—Could Not Sleep nor Rest—Physician Said Leg Would Have to Be Amputated.

CURED BY CUTICURA IN SIX WEEKS

"I had a terrible sore on my ankle and had not walked any for eleven months. I tried nearly everything without any benefit and had a doctor, but he didn't seem to do any good. He said I would have to have my leg taken off, and that I would never walk again. I suffered awful, and at night I could not sleep at all. I thought there was no rest for me, but as soon as I began to use Cuticura Soap and Ointment it commenced healing nicely. I bathed the ankle with warm water and Cuticura Soap and then applied Cuticura Ointment to the affected part, and laid a cloth over the sore to hold it in place. After two weeks I could walk around in my room real good, and in six weeks' time my ankle was entirely cured and I was walking around out of doors. I am enjoying perfect health and have gone to work and feel as well as I ever did in my life, so I know that the Cuticura Remedies are the best in the world.

"Cuticura was recommended to me by a lady who had used it when her baby's head was so full of sores he could not lie down. She had to set him up in her arms to sleep. (signed) Mrs. Mary Dickerson, Louisa, C. H. Va., April 22, 1905."

WILL RECONVENE CONGRESS.

Unexpected Move Made by the Government of Russia.

Washington, April 5.—Unexpectedly the Russian government has made another movement toward the reconvention of the conference at The Hague in the coming summer and indicated that the Netherlands government had assented to the proposal.

It had been supposed that, owing to the complixity of the problems involved in the arrangement of even a tentative program for the conference and delays caused by the necessity of persuading the Swiss government to make the time and program for the approaching Red Cross convention conform, as far as possible, to The Hague project it would scarcely be possible for the conference to assemble earlier than a late date next fall.

There were reasonable objections, however, to such a date and it was intimated that it might be necessary to defer the convention until next year.

The pardon has already quite a strong indorsement. Jackson was charged with striking his step-mother on the head with a broom stick and killing her. The case against him was based on circumstantial evidence alone, and Jackson would have taken an appeal to a higher court had the sentence imposed upon him been more severe.

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully,

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.

Respectfully, THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May 15. If elected, being familiar with the duties of the office which I held through your suffrage for three terms, I promise you a faithful and efficient service, and will make monthly accounting to you by statement at my own expense. Respectfully,

R. B. PEELER.

To the Voters of Alachua County:

I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise a full obedience to the duties of this office, one of the most important in the gift of the people. Respectfully,

Trenton, Fla., March 17, 06. T. J. LOVE.

For Tax Assessor.

I desire to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have had in this position I can consistently promise to render satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve impartially.

WILLIS W. COLSON.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.

Yours very truly,

W. D. DICKINSON.

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county. JOHN C. McGREW.

March 10th, 1906.

For County Commissioner.

Appreciating the ability shown by Mr. John G. Dampier in financing the funds of this county during his administration as County Commissioner, his many friends hereby announce his candidacy for re-election to this important office from District No. 1. Let all Democrats interested in a judicious expenditure of the public monies rally to his support at the approaching primary.

To the Voters of Alachua County:

My own inclinations, coupled with the wishes of my friends, induce me to become a candidate for County Commissioner. I am perfectly willing to be dealt with by the voters of this county in a way that my actions as once your commissioner I would merit. I ask the support of the voters, in the coming primary, pledging an improvement in office as your commissioner, because of my past experience, should I be elected. Very respectfully,

W. J. MATHEWS.

Trenton, Fla., March 14, 1906.

To the Democratic Voters of District No 2:

JOHN E. BRYANT.

The friends of C. C. Pedrick hereby announce his name as a candidate for re-election to the responsible position of County Commissioner from the Third District. Mr. Pedrick has served his constituents and his district faithfully, and his services are not only desired, but are in demand, for another term, as he has accomplished a great deal of good. Let the Democrats rally to his support in the primary of May 15th, and his friends will assure the district of a clean and honest, as well as a progressive administration.

I hereby announce myself as a candidate for County Commissioner from District Four. I solicit the vote of the county, which will be appreciated by Yours truly,

F. F. PAULLING.

Having served the people two years as County Commissioner, I hereby announce myself a candidate for re-election, and should the people see fit to re-elect me I shall serve them in the future as in the past, to the best of my knowledge and ability.

J. F. TOWNSEND.

Campville, March 19, 1906.
